User manual

Overview

SimplyRugby is a Windows desktop application built with WPF (.NET 8) for managing a rugby club. It supports three user roles — **Administrator**, **Coach**, and **Secretary** — each with access to a tailored set of features. Data is stored locally in a SQLite database seeded with sample accounts and member records.

System Requirements

Item	Requirement
Operating System	Windows 10 or Windows 11
Runtime	.NET 8 (Windows desktop)
Display	Minimum 1024 × 600 resolution
Permissions	Standard user (no administrator rights required)

Getting Started

Launching the Application

run the setup.exe file in root folder after extract the ZIP file:

The application opens on the **Login** screen.

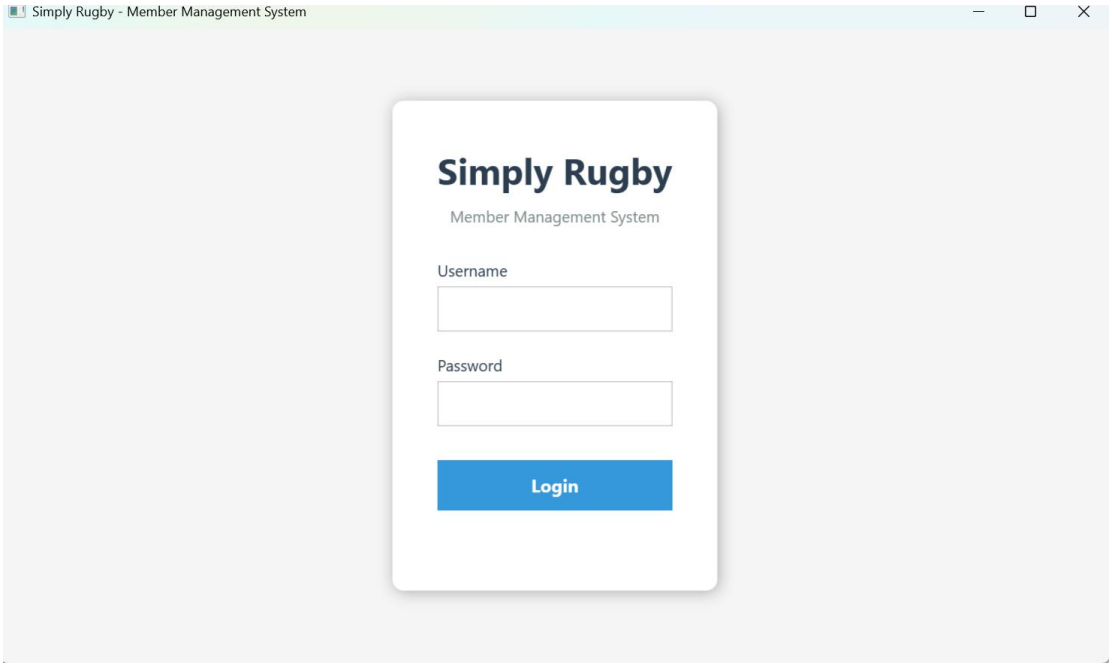
Default Accounts

The database is seeded with three default accounts for testing and initial setup:

Username	Password	Role
admin	Admin123!	Administrator
coach	Coach123!	Coach
secretary	123456	Secretary

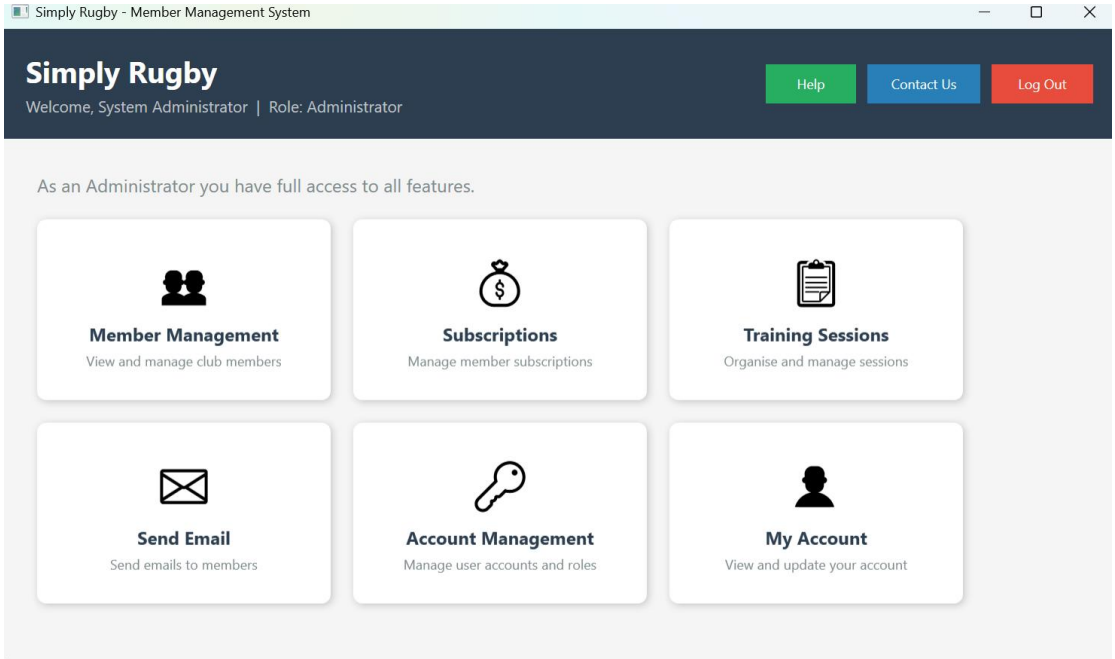
> **Security notice:** Change all default passwords after the first login using the **Change Password** feature in Account Settings.

Logging In



1. Enter your **Username** and **Password** in the login form.
2. Click **Login**.
3. On success, you are taken to the **Dashboard**.
4. On failure, an error message is displayed below the form. Check that both fields are filled in and that your credentials are correct.

Dashboard



The Dashboard is the main navigation hub. It displays feature cards based on your role, a welcome greeting showing your name and role, and a banner describing your permissions.

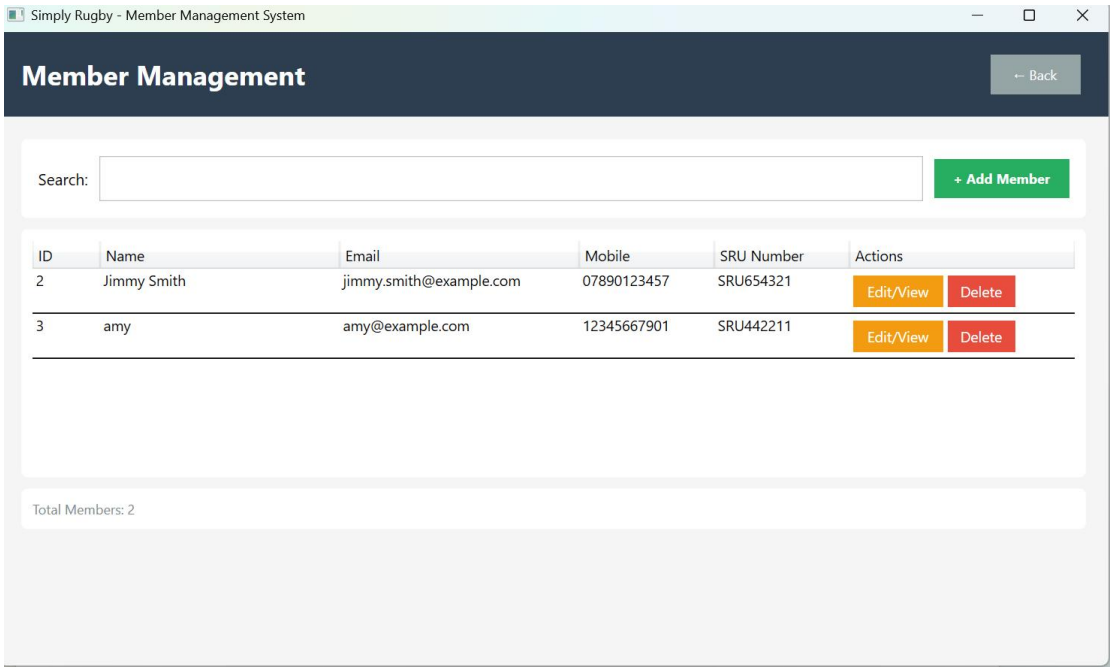
Navigation Cards by Role

Feature Card	Administrator	Coach	Secretary
Member / Player Management	✓	✓ (Players only)	✓
Subscriptions	✓		✓
Training Management	✓	✓	
Send Email	✓		✓
Account Management	✓		
My Account	✓	✓	✓

Dashboard Buttons

Button	Action
Logout	Ends the current session and returns to the Login screen.
Contact Us	Displays the support email address.
Help	Opens the user manual PDF in your default browser.

Member Management



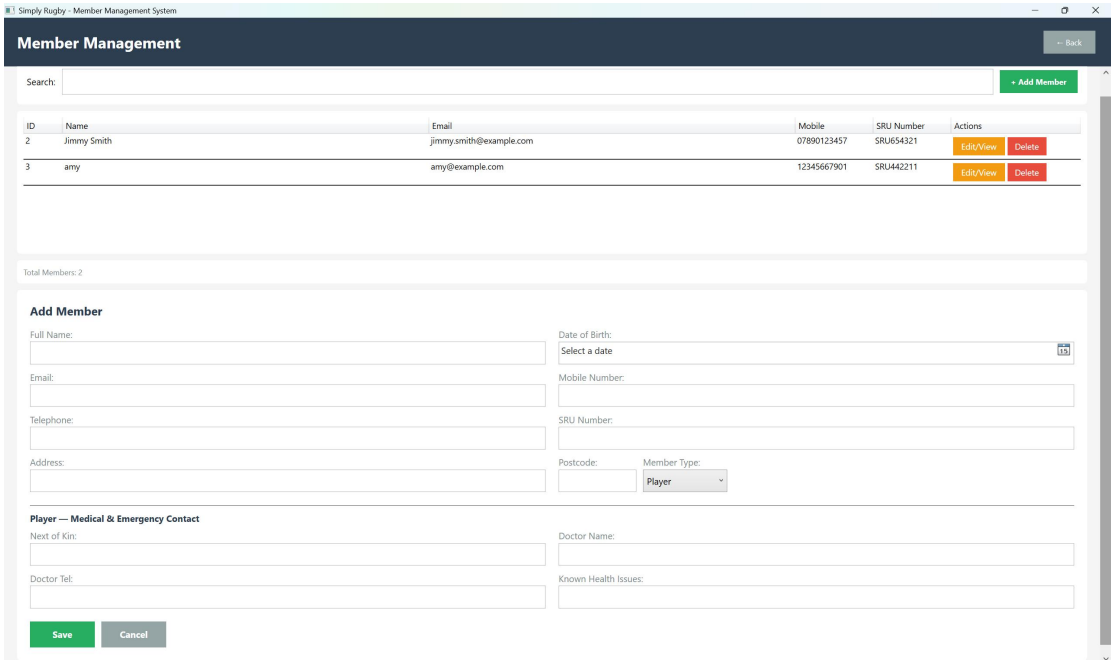
Accessible to: Administrator, Coach (view players), Secretary

The Member Management page lists all club members — Players, Junior Players, and Non-Players — in a searchable DataGrid.

Viewing Members

The DataGrid shows each member's ID, Name, Email, Mobile number, and SRU number,For more details,Click “Edit/View” on a member row .The status bar at the bottom displays the total member count.

Adding a Member

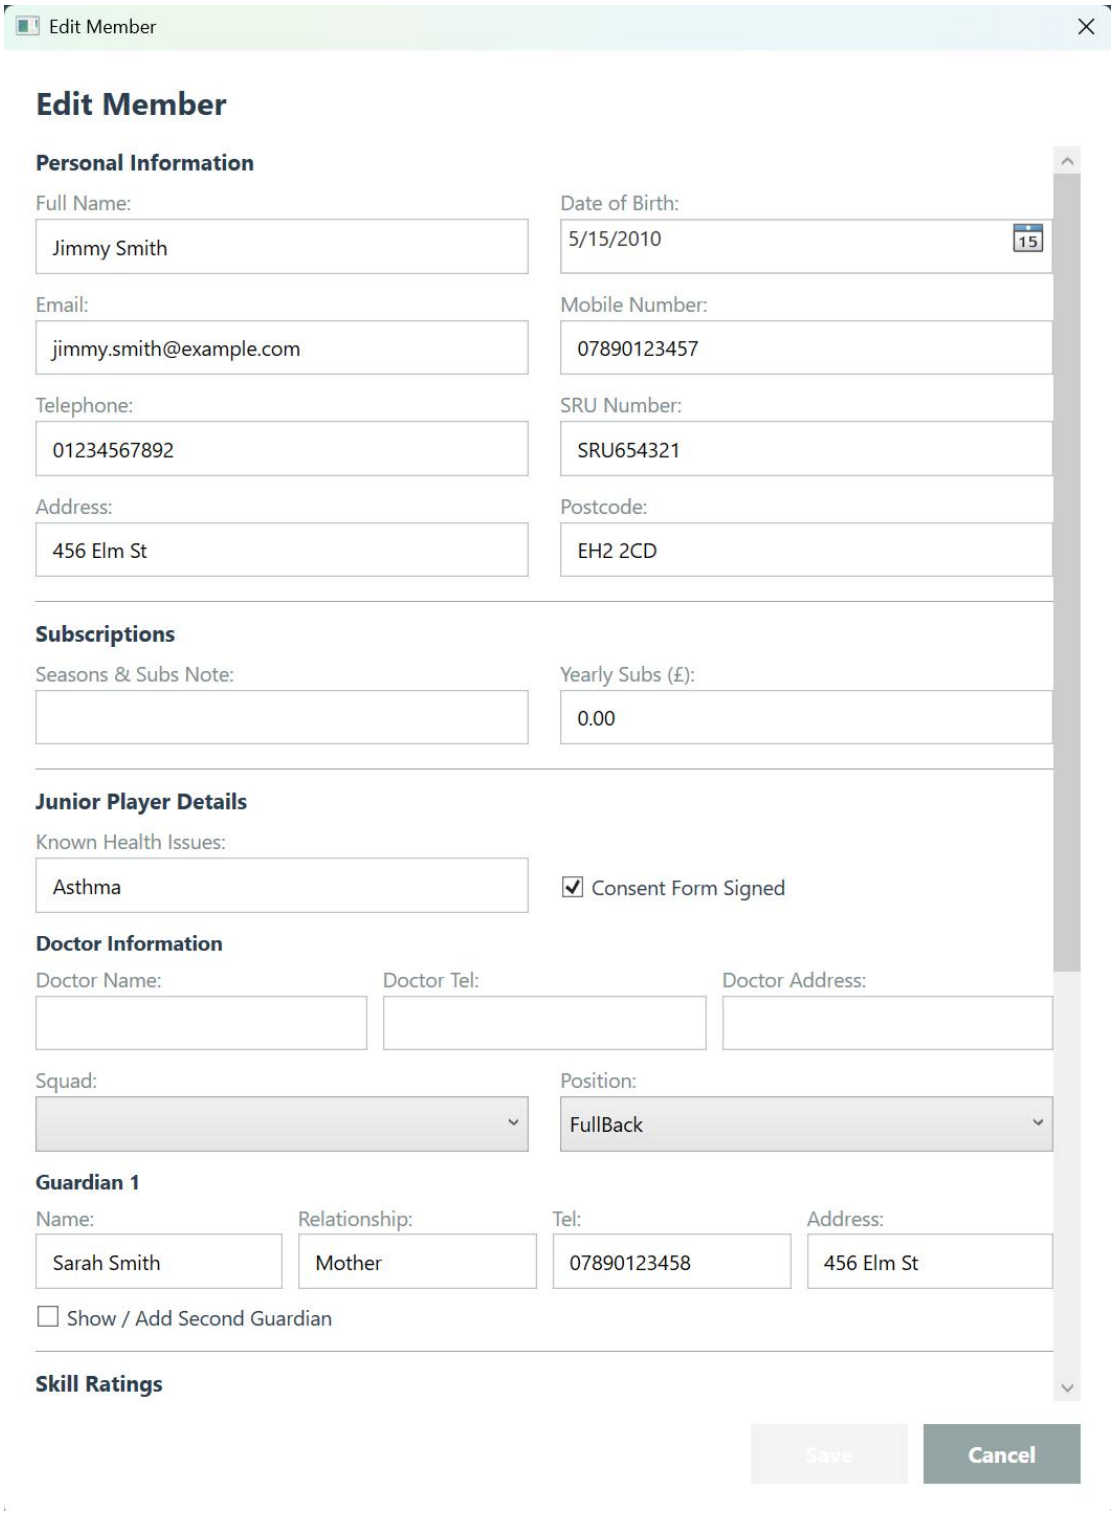


1. Click **+ Add Member**.
2. Fill in the member details in the dialog that appears:

    1. **Member type**: Player, Junior Player, or Non-Player
    2. Name, date of birth, contact details, SRU number
    3. Additional fields for Players (doctor, next of kin, squad) and Junior Players (guardian details, consent form)

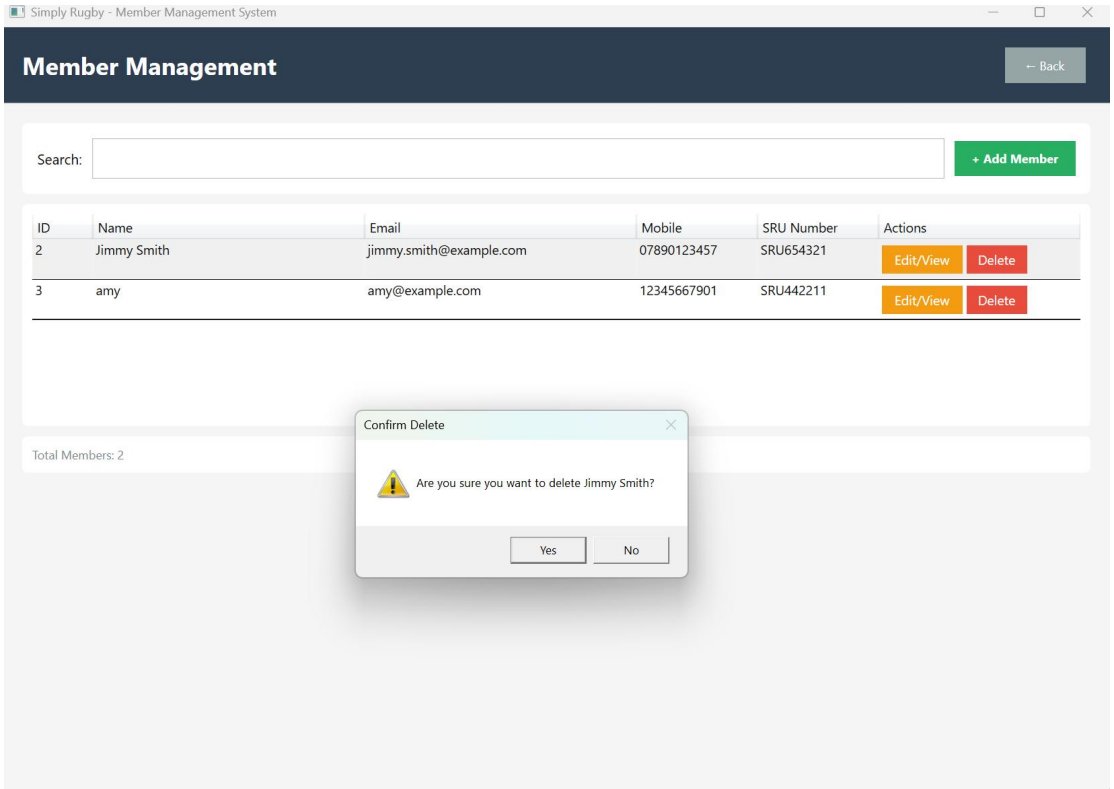
3. Click **Save** to create the record.

Editing a Member



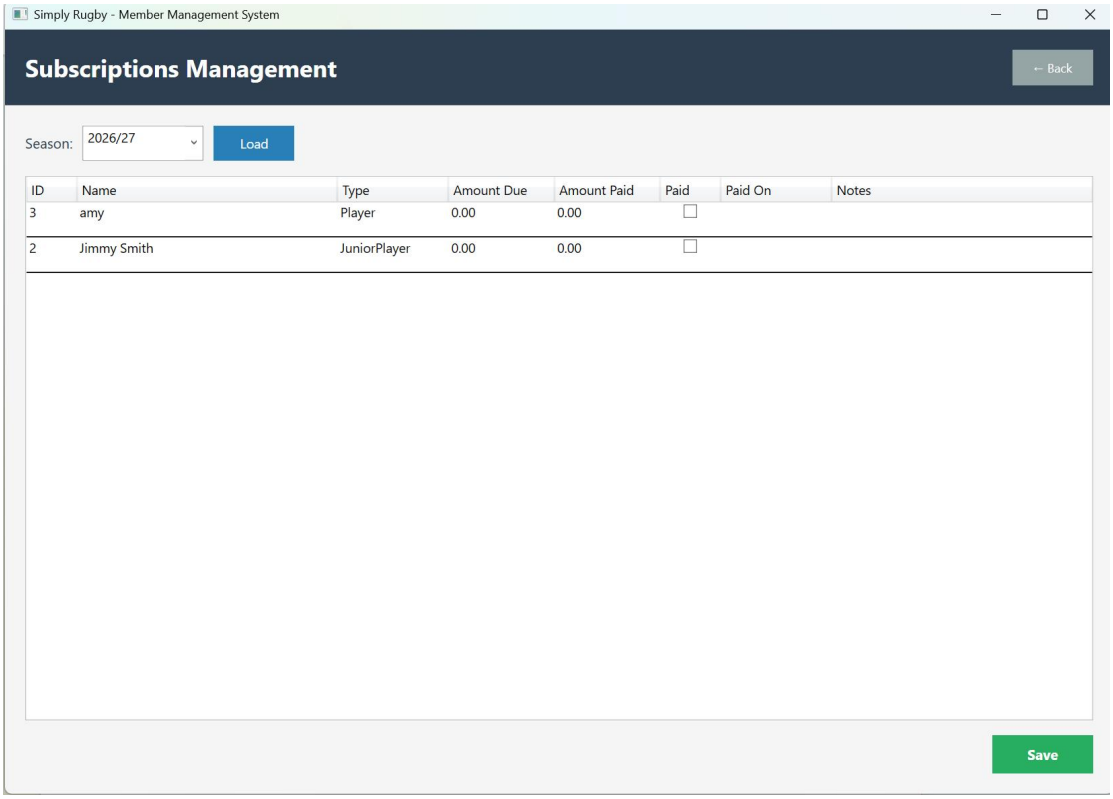
1. Locate the member in the DataGrid.
2. Click **Edit/View** in the member's row.
3. Update the required fields in the dialog.
4. Click **Save** to apply changes.

Deleting a Member



1. Locate the member in the DataGrid.
2. Click **Delete** in the member's row.
3. Confirm the deletion in the confirmation dialog.

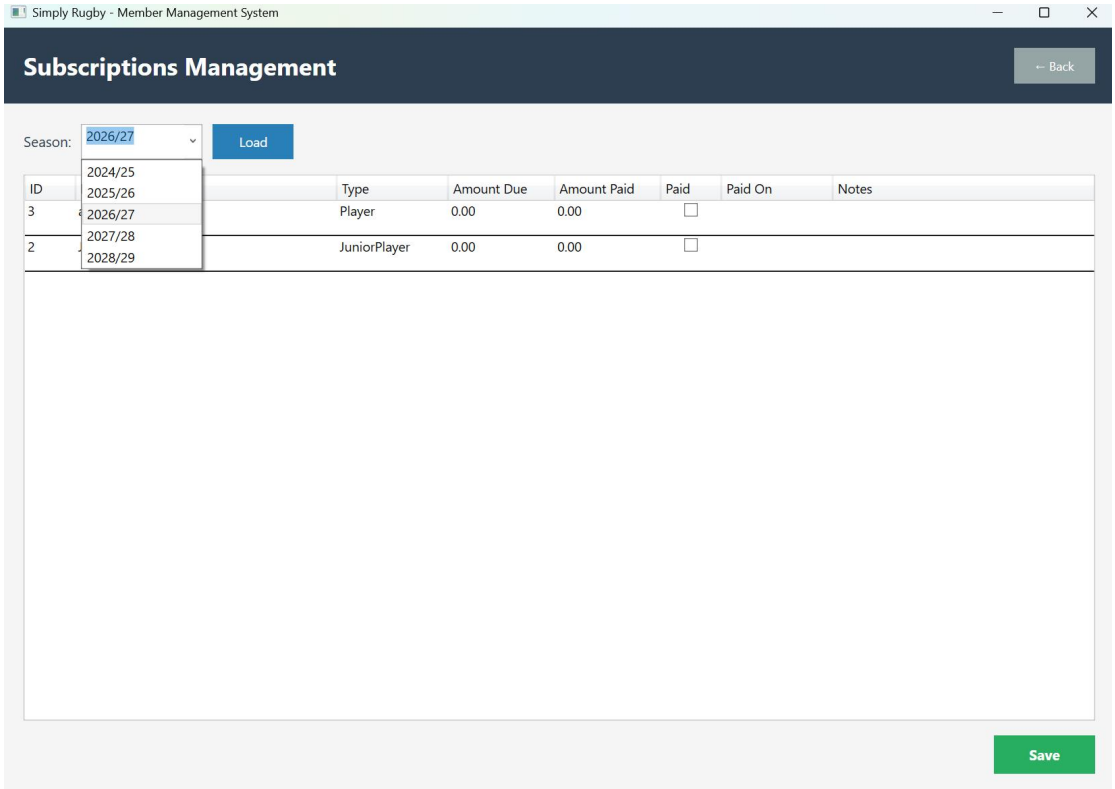
Subscriptions Management



Accessible to: Administrator, Secretary

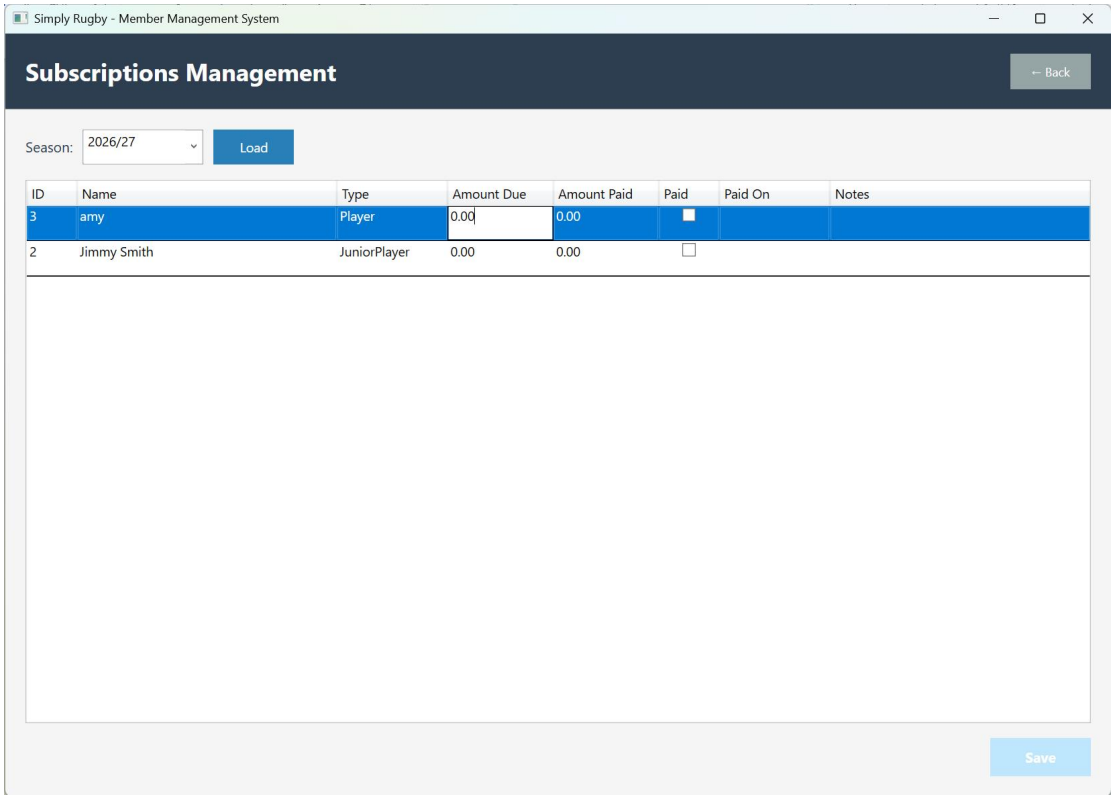
The Subscriptions page lets you track annual subscription payments for each member.

Viewing Subscriptions



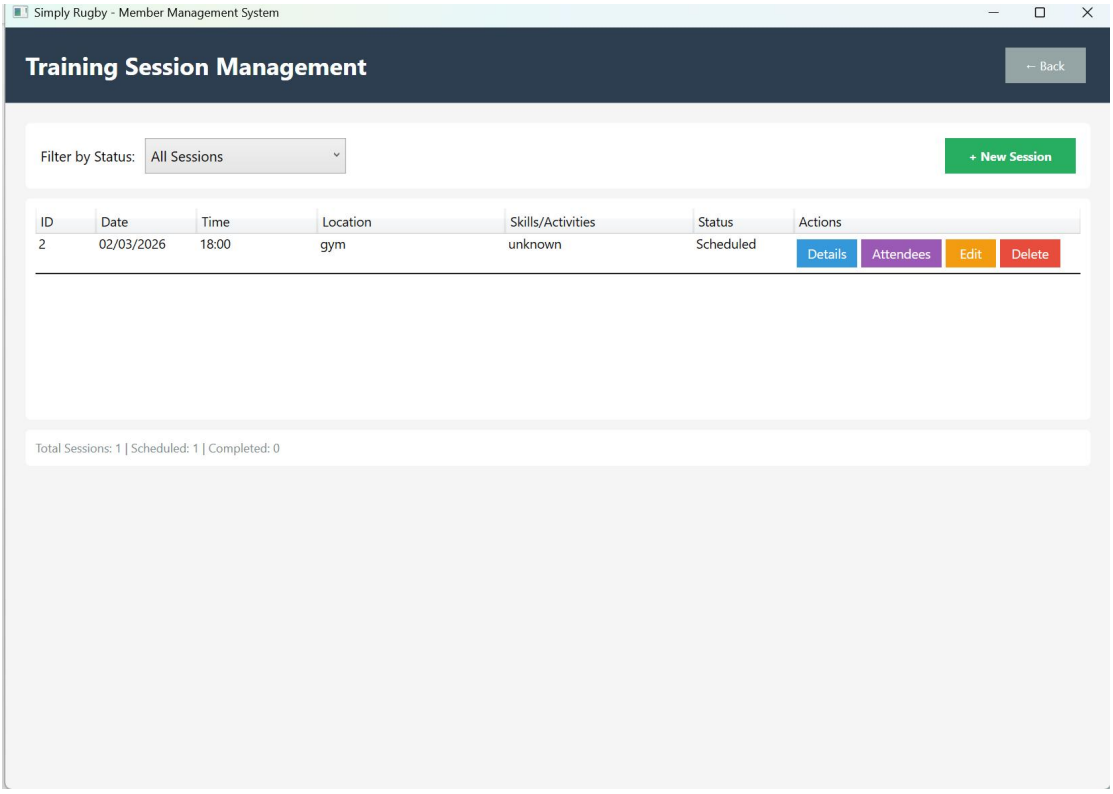
1. Select a **Season** from the drop-down (e.g., 2025/26).
2. The DataGrid updates to show each member's subscription record for that season: amount due, amount paid, paid-on date, payment status, and notes.

Updating a Subscription Record



Edit the fields directly in the DataGrid row and click **Save** to persist the changes.

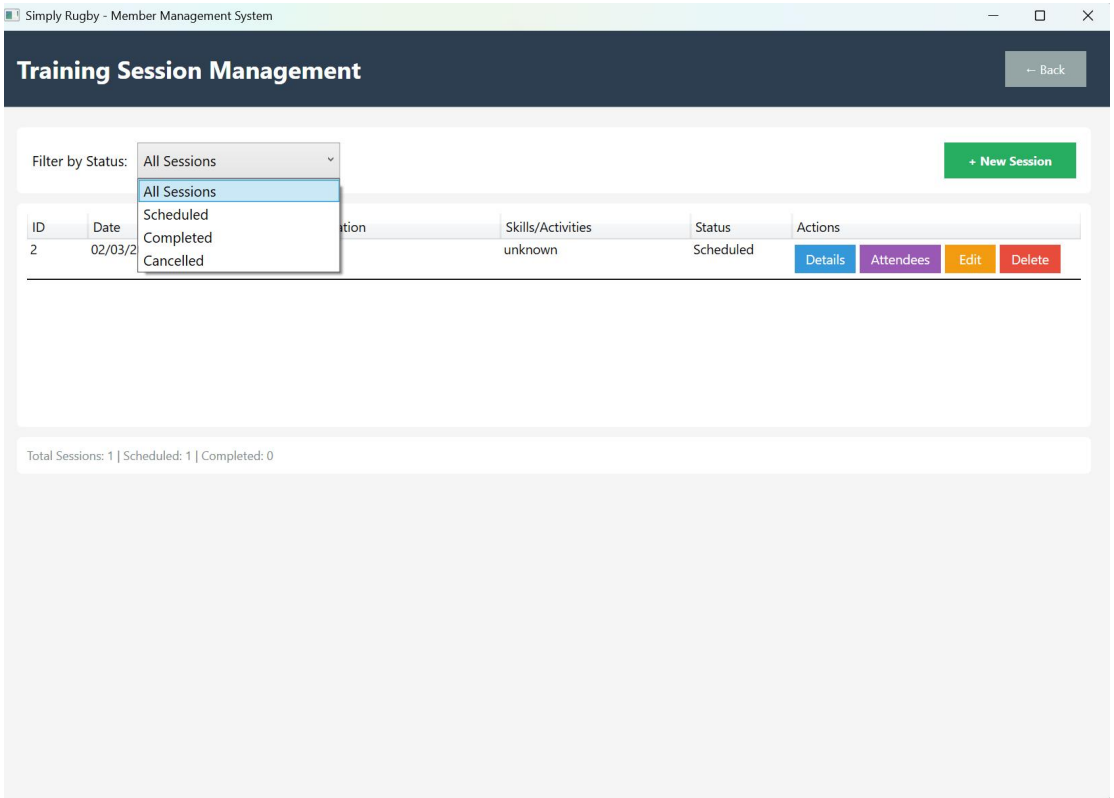
Training Management



Accessible to: Administrator, Coach

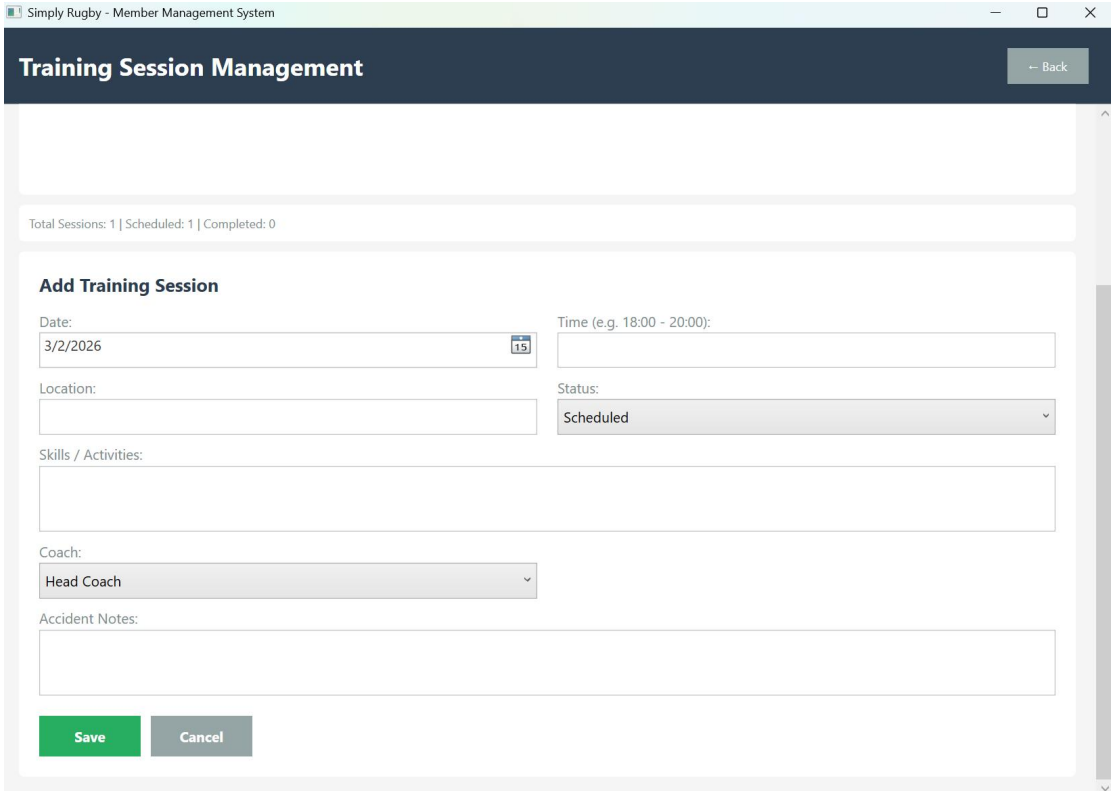
The Training Management page lets you schedule and track training sessions.

Viewing Sessions



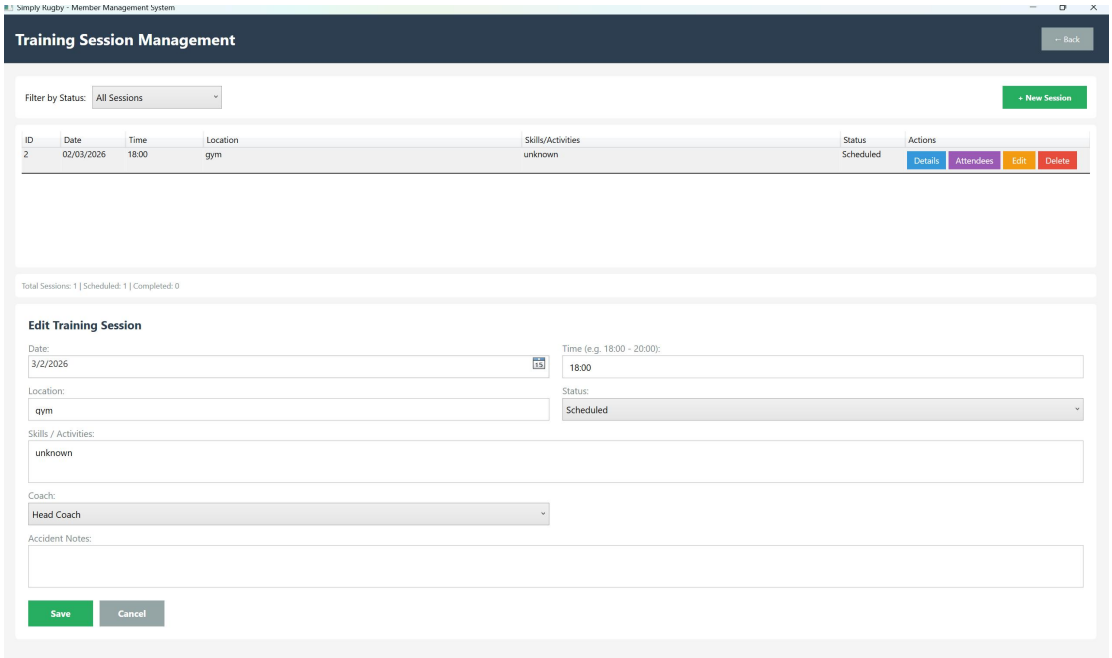
Use the **Status** filter drop-down (All, Scheduled, Completed, Cancelled) to narrow the list. The status bar shows total, scheduled, and completed session counts.

Creating a Training Session



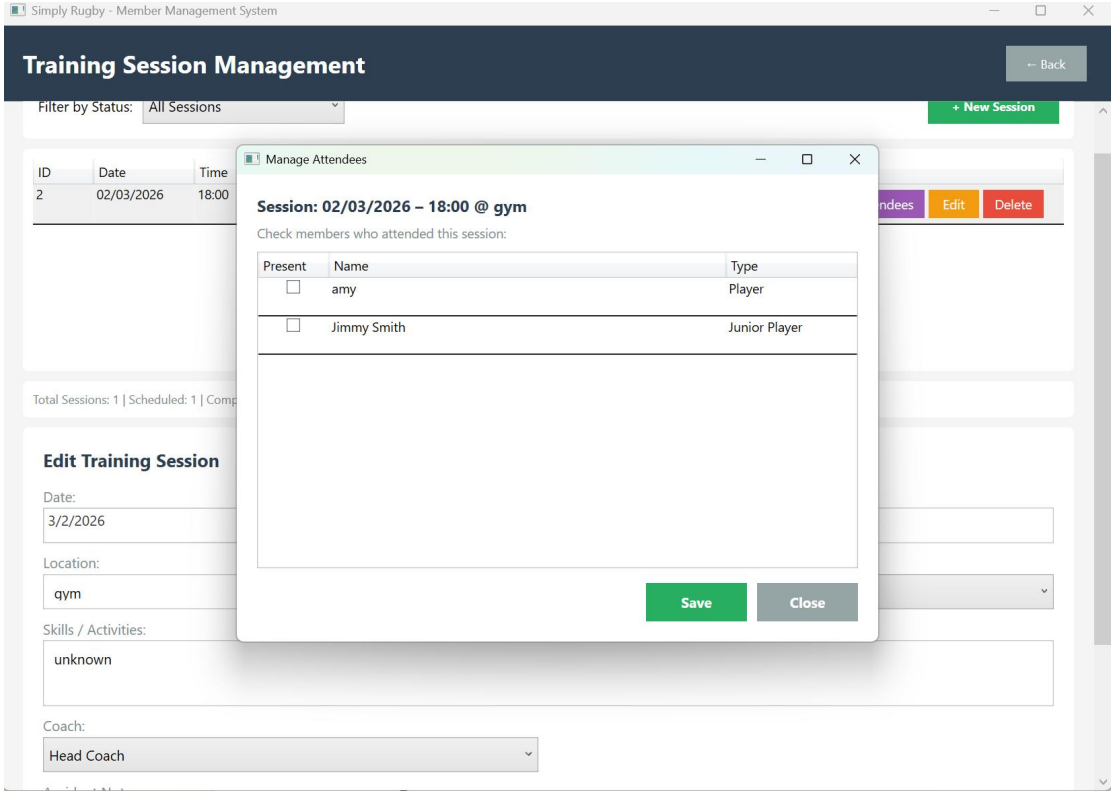
1. Click **+ New Session**.
2. Enter the date, time, location, skills/activities, and status.
3. Click **Save** to create the session.

Editing a Session



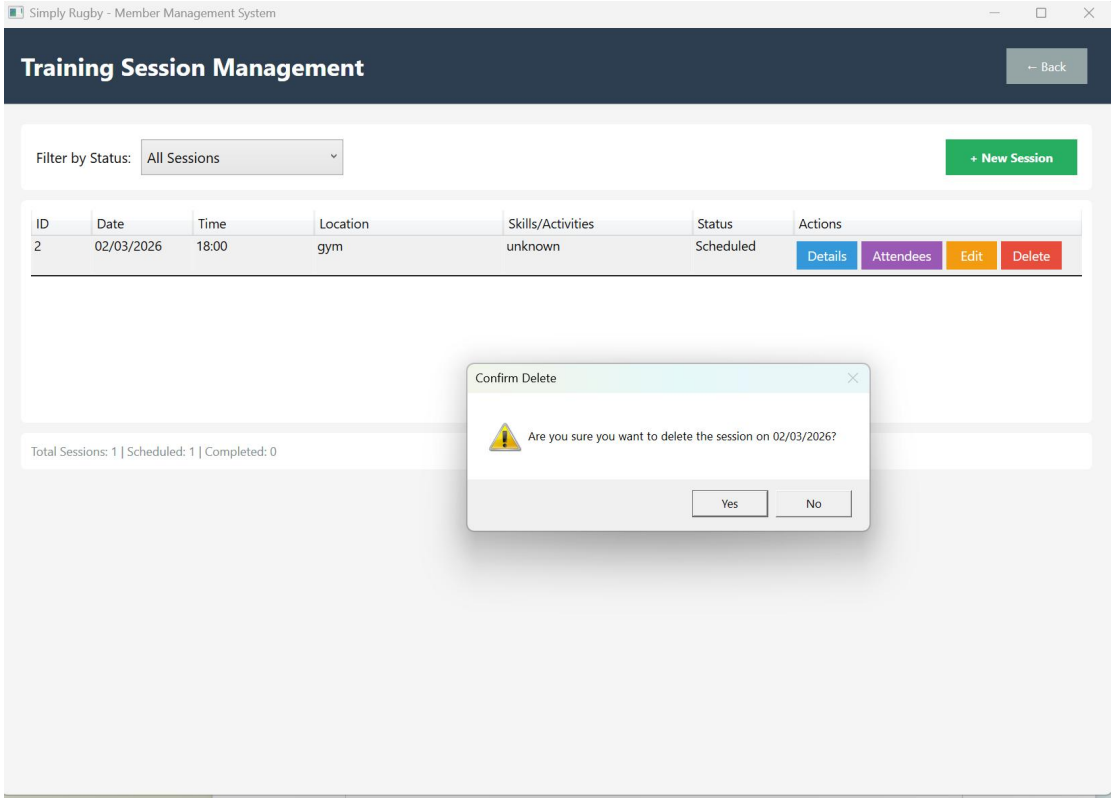
1. Click **Edit** on the session row.
2. Modify the details and click **Save**.

Managing Attendees



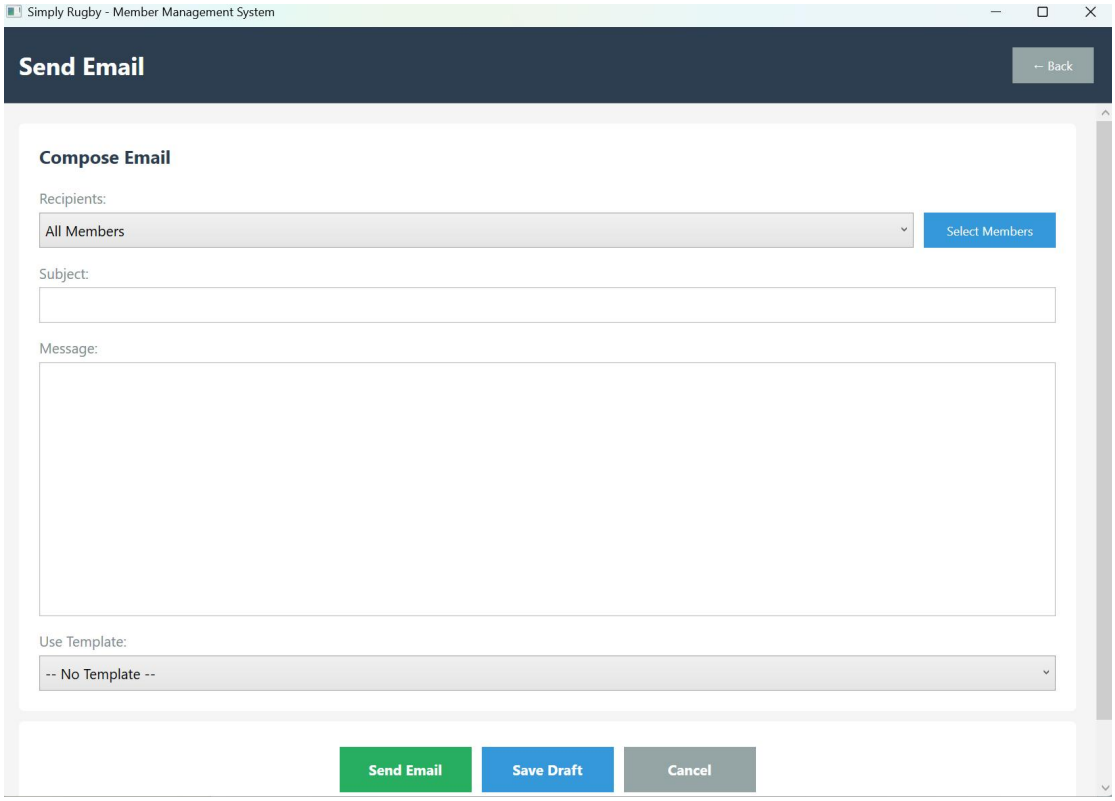
1. Click **Details** on a session row.
2. In the Manage Attendees dialog, mark each member as present or absent using the **Is Present** checkbox.
3. Click **Save** to record attendance.

Deleting a Session



Click **Delete** on the session row and confirm the deletion.

Send Email

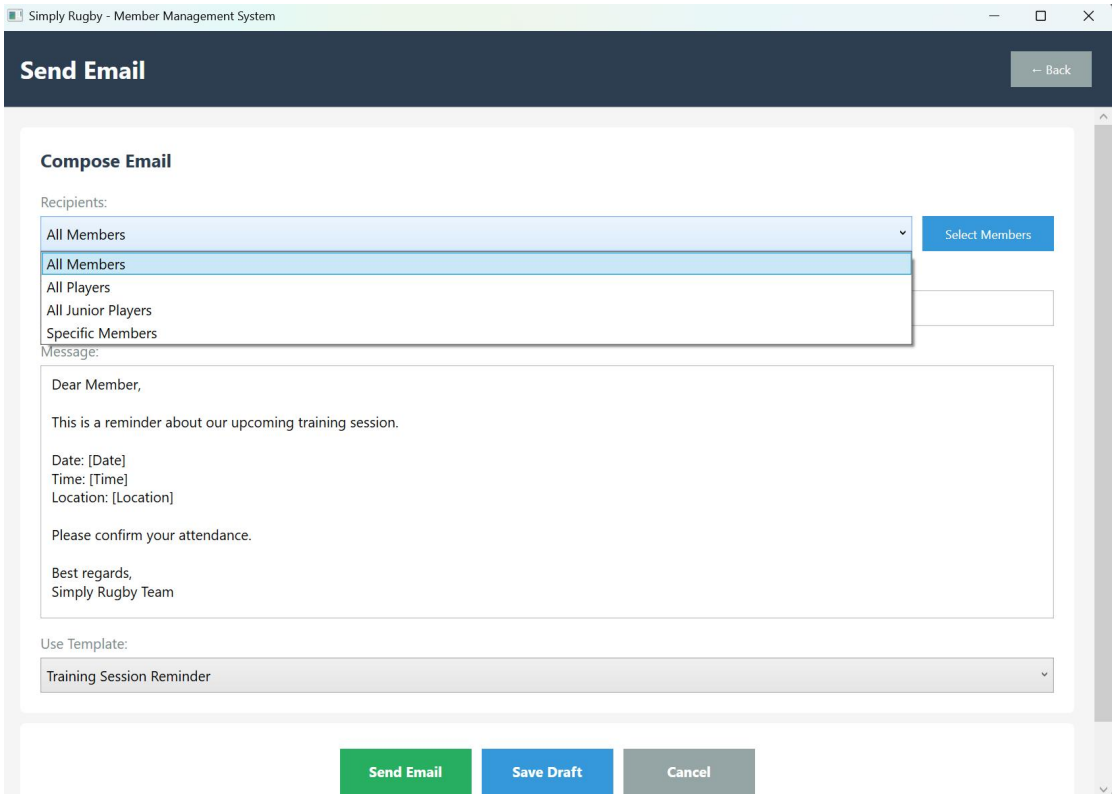


Accessible to: Administrator, Secretary

The Email page allows you to send messages to members directly from the application.

Note: This functionality has not been completed; only the UI is available.

Sending an Email



1. Select a **recipient group** from the drop-down:

    1. All Members
    2. All Players
    3. All Junior Players
    4. Specific Members

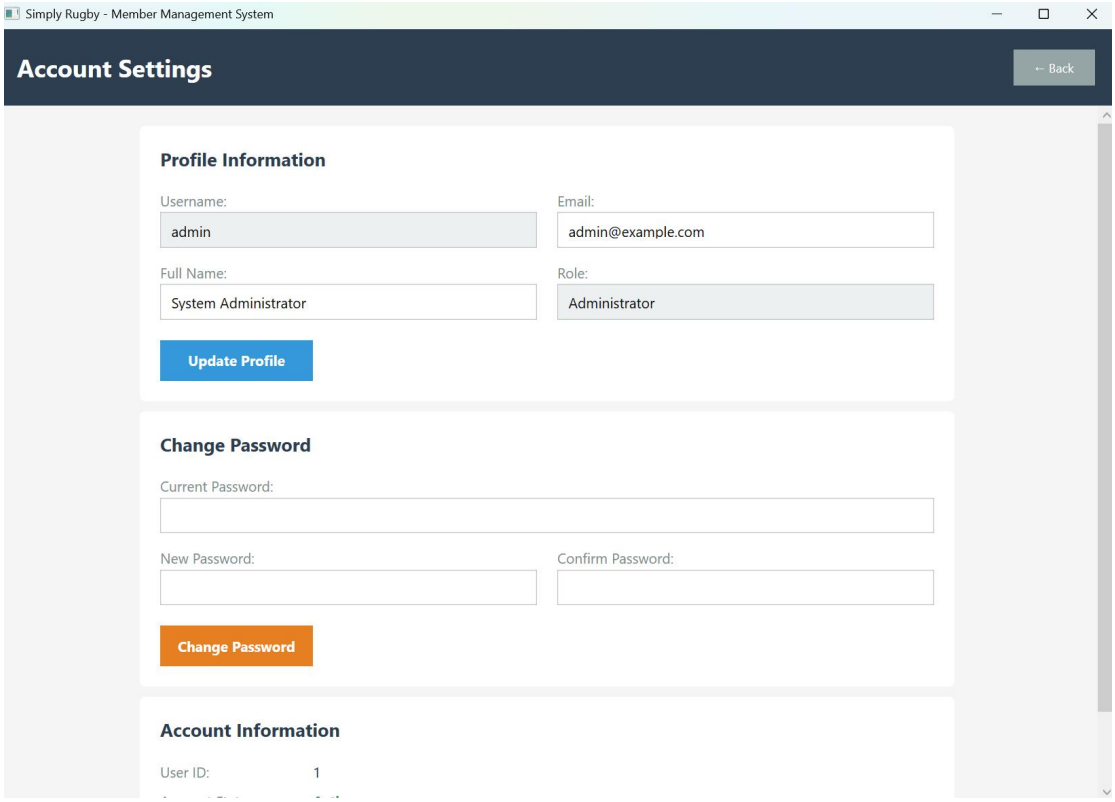
2. If **Specific Members** is selected, click **Select Members** to choose recipients.
3. Optionally select an **Email Template**:

    1. Training Session Reminder
    2. Match Day Notification
    3. Registration Reminder

4. The template auto-fills the Subject and Message fields. Edit them as needed.
5. Click **Send Email** and confirm the dialog to send.

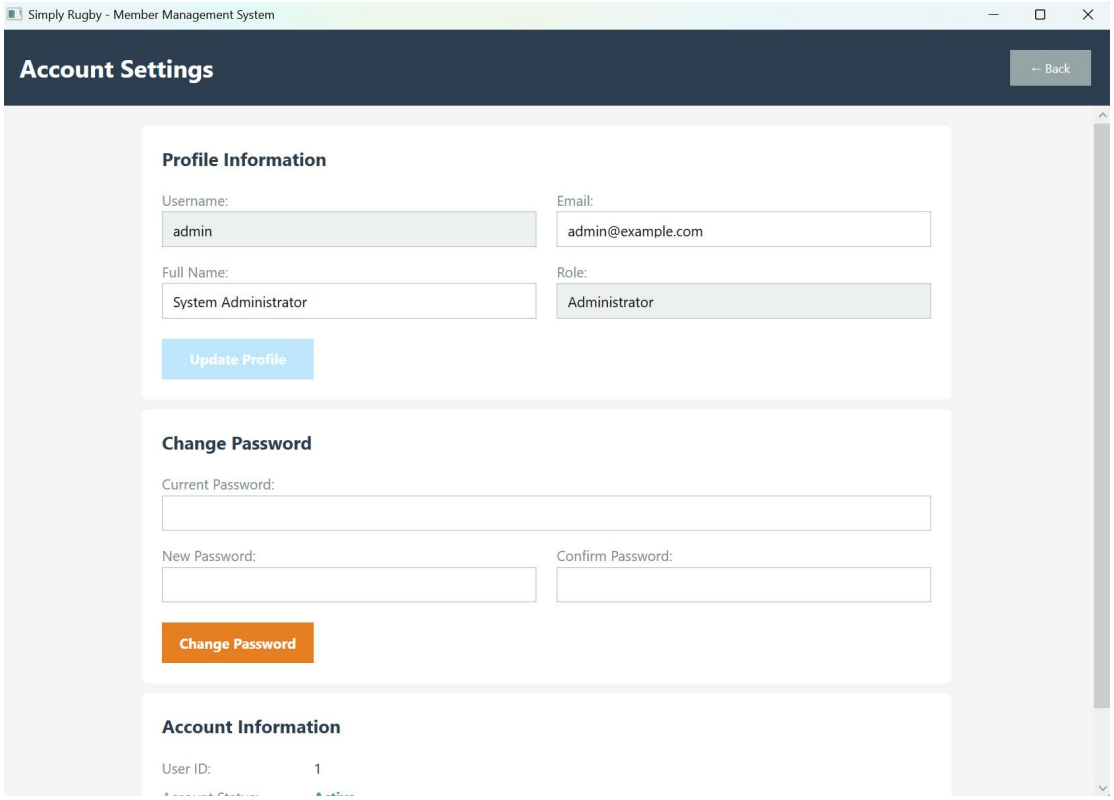
    Drafts can be saved with **Save Draft** and discarded with **Cancel**.

Account Settings (My Account)



Accessible to: All roles

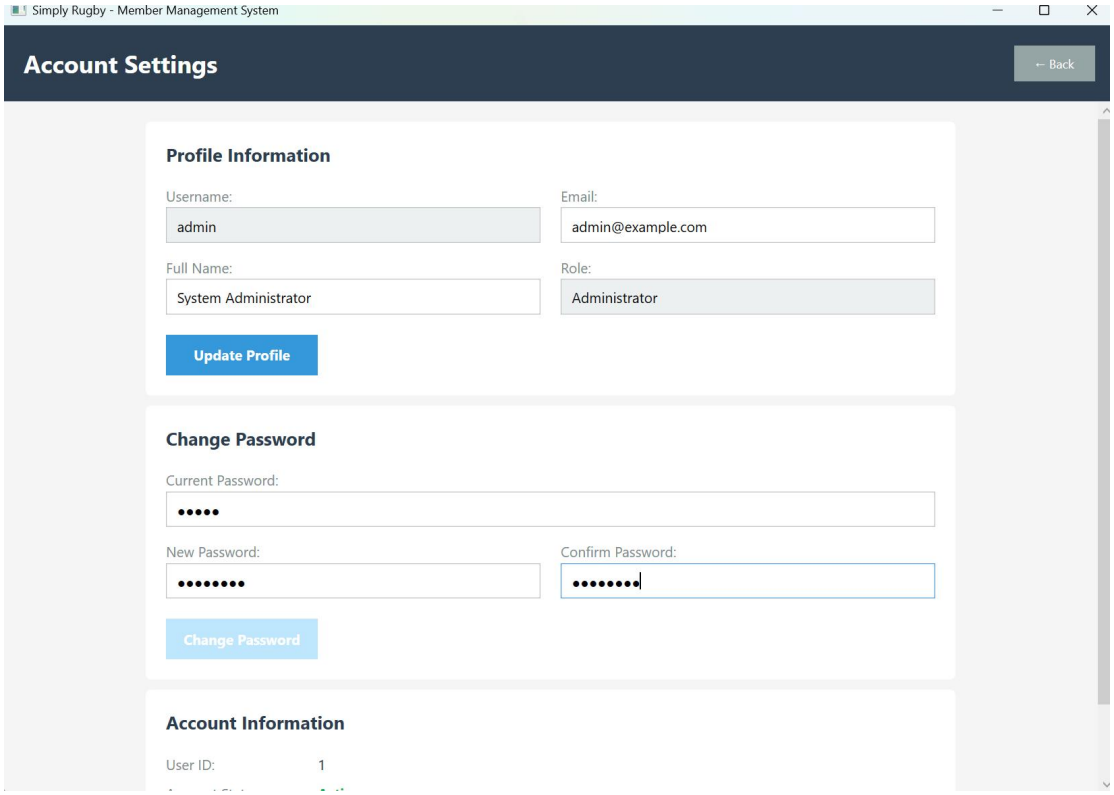
Updating Your Profile



1. Click the **My Account** card on the Dashboard.
2. Edit your **Full Name** and **Email** fields.
3. Click **Update Profile** to save.

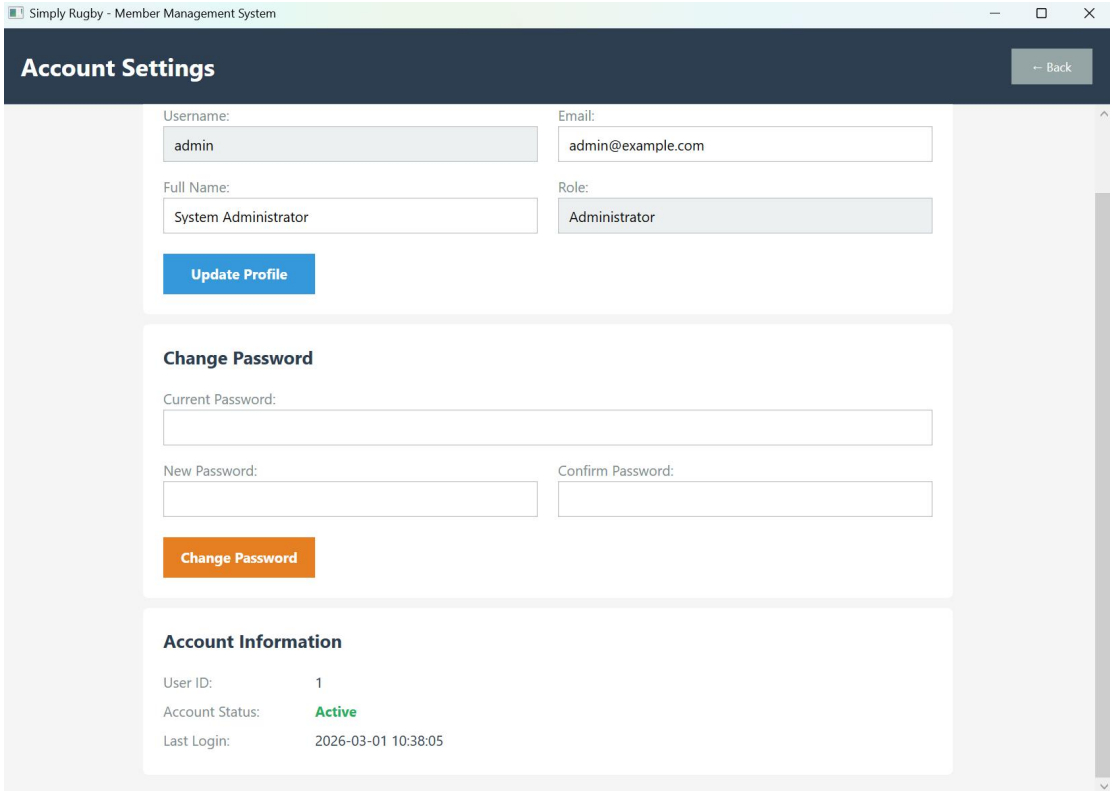
Username and Role are read-only and can only be changed by an Administrator.

Changing Your Password



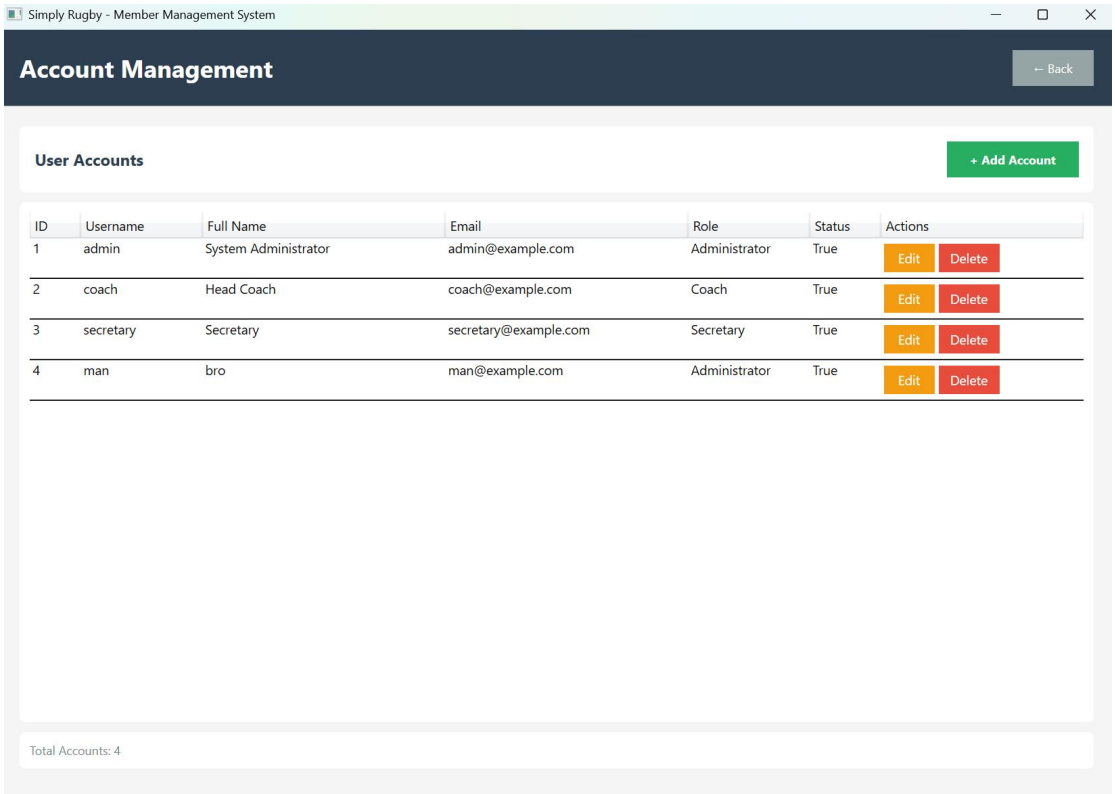
1. In the **Change Password** section, enter your current password.
2. Enter a new password (minimum 6 characters).
3. Re-enter the new password to confirm.
4. Click **Change Password**.

Account Information



The Account Information section displays your User ID, account status, and last login timestamp for reference.

Account Management



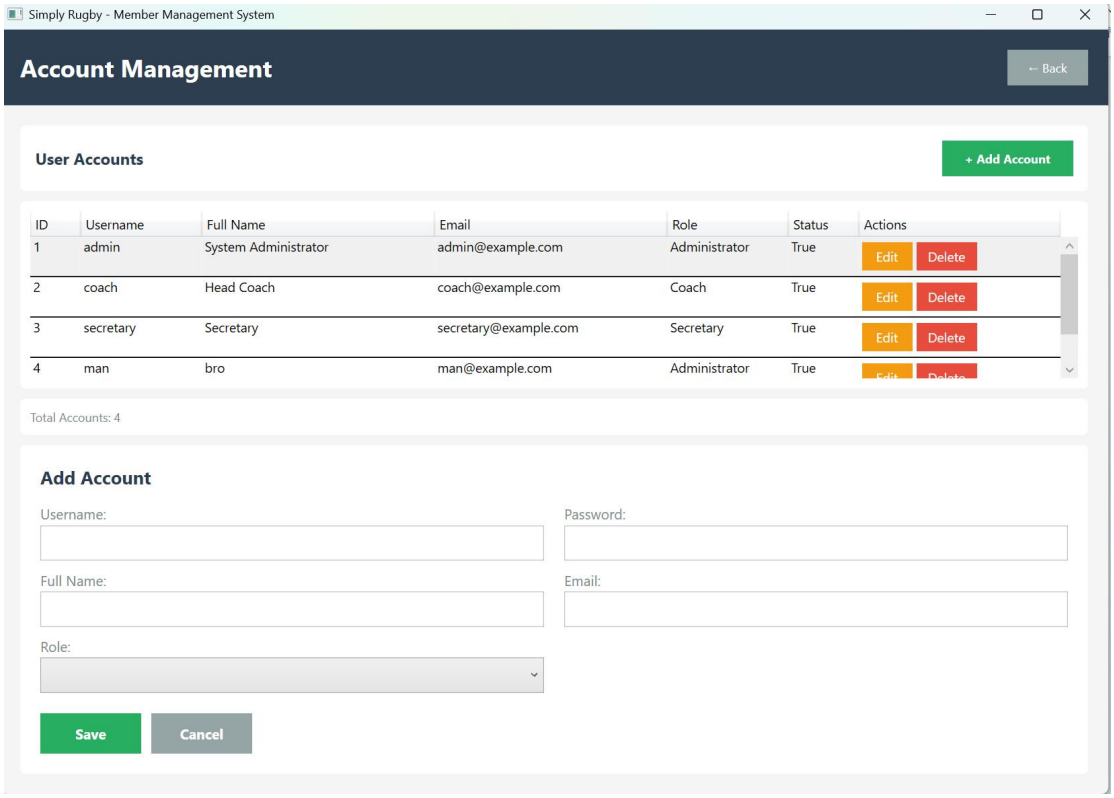
Accessible to: Administrator only

The Account Management page provides full management of all user accounts.

Viewing Accounts

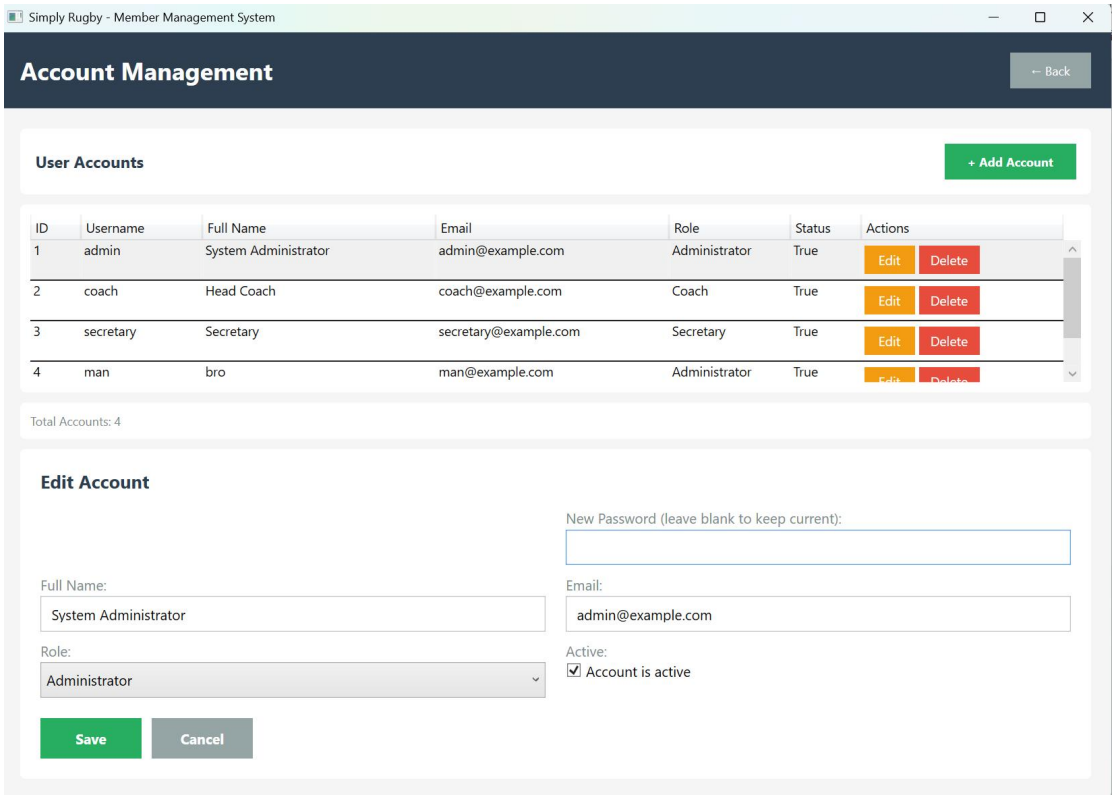
All user accounts are listed in a DataGrid showing User ID, Username, Full Name, Email, Role, and Active status.

Creating an Account



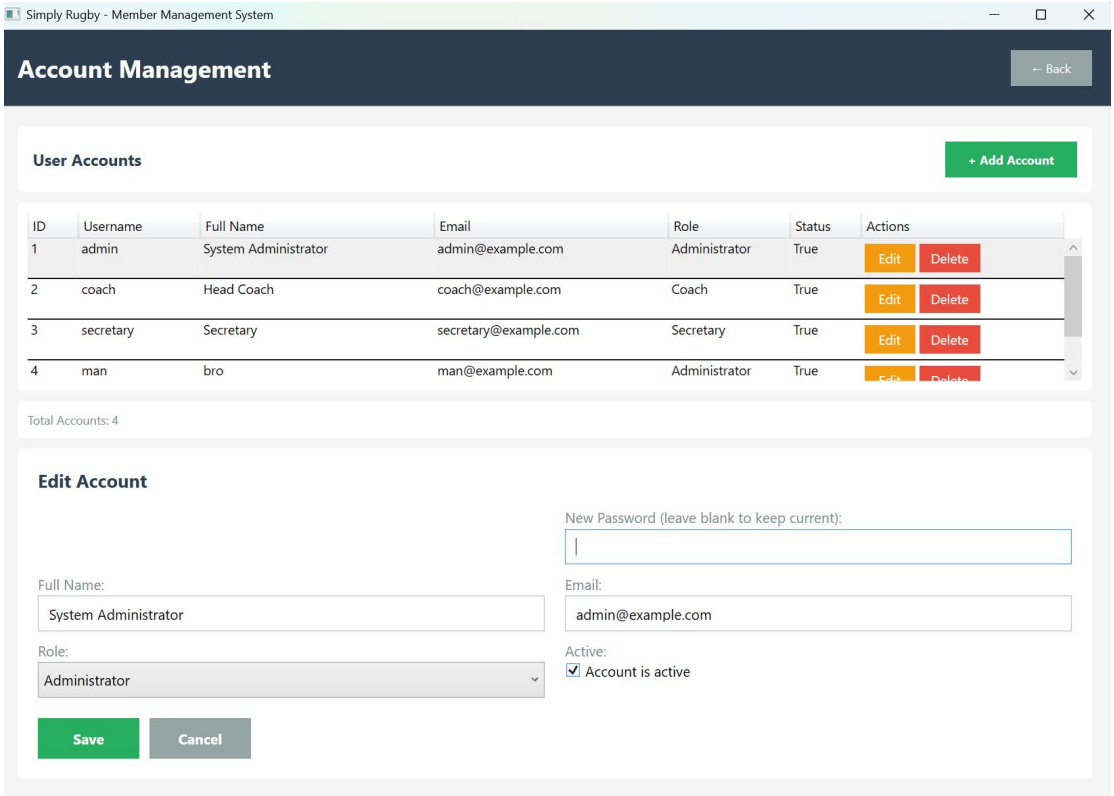
1. Click **+ Add Account**.
2. Enter the username, full name, email, role, and initial password.
3. Click **Save**.

Editing or Resetting a Password



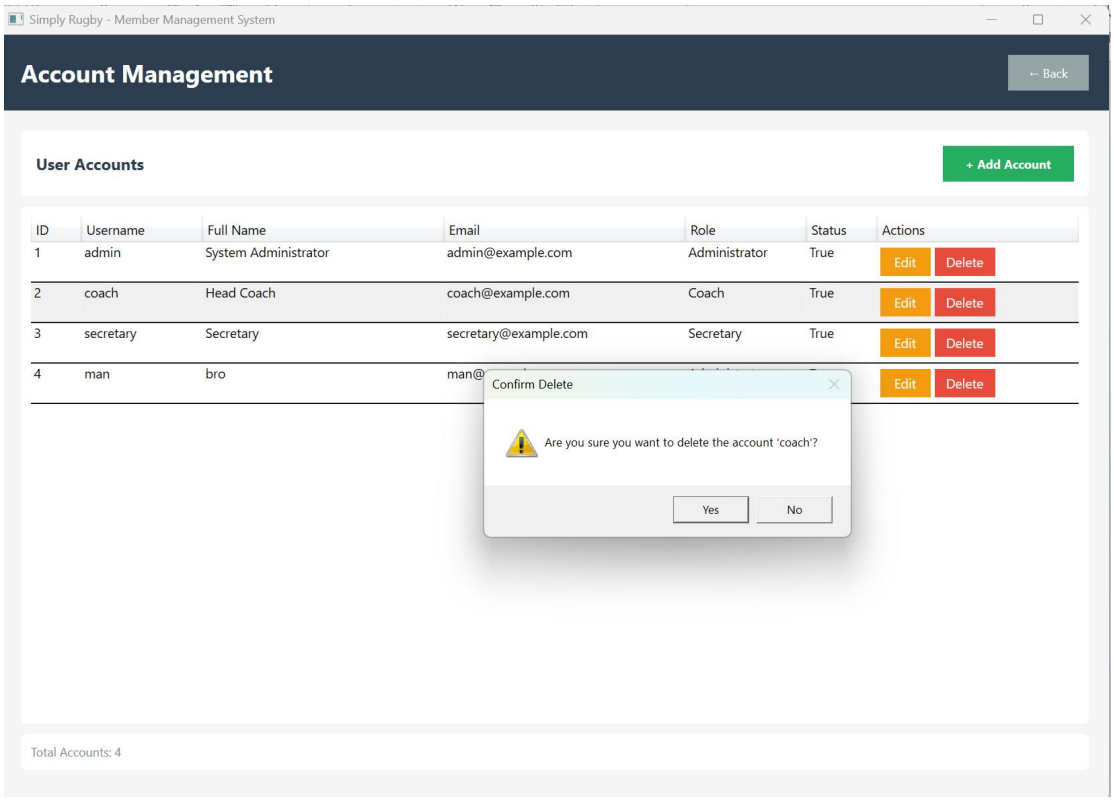
1. Click **Edit** on the account row.
2. Modify the details or set a new password.
3. Click **Save**.

Activating or Deactivating an Account



Toggle the **IsActive** field in the DataGrid to enable or disable a user account. Inactive accounts cannot log in.

Deleting an Account



Click **Delete** on the account row and confirm. Deleted accounts are permanently removed.

        └─ Logout ──────────────────▶ Login
```

Troubleshooting

Problem	Solution
Cannot log in	Check username and password. Ensure your account is active (ask your Administrator).
A feature card is missing on the Dashboard	That feature is not available for your role. Contact your Administrator if you need access.
"Unable to open the user manual" message	Check your internet connection. You can also visit the manual URL directly from a browser.
Error dialog after saving	Read the error message carefully. Common causes include duplicate SRU numbers or empty required fields.
Application does not start	Ensure .NET 8 Desktop Runtime is installed on your Windows machine.

Contact and Support

For support, contact the system administrator at the email address shown on the Dashboard **Contact Us** button.
